PREFACE

In presenting to our patrons our seventh Directory of Windsor, Sandwich and Walkerville, we hope it will meet with their approval. A thorough canvass of the towns has been made, and every effort used to obtain the name of every person who should be represented in the Directory.

Mistakes will occur, but we are confident that no more thorough canvass of the towns has ever been made.

The Classified Business Directory is a complete mirror of the business interests of the town and represents them to the outside world only as a business Directory can.

The Miscellaneous Directory furnishes a large amount of information useful to Strangers.

The Street Guide will be found a valuable addition.

Thanking our patrons for the liberal patronage bestowed on our work we remain,

Yours respectfully,

THE PUBLISHERS.

We will give you either high gloss or domestic finish with the least possible injury to the fabric. 'Phone 205.

How's Your Business ?

Is it as good as it should be?

We can increase any legitimate business from 10 to 2[illegible] per cent. on an outlay of 2 per cent. If you think that percentage is too small to bother with—don't write, but if you do, write us, and we will tell you how we will do it.

We are doing advertising for a number of large firms. They would not patronize us out of sentiment. They are business men and there is no sentiment in business.

We have helped others and can help you.
